

Executive for Personnel & Administration

15 October 1946

Chief, Legislative Liaison Branch

Projects of Legislative Liaison Branch

1. The following projects are currently being developed by the Legislative Liaison Branch:

- a. A preliminary draft of legislation creating a National Intelligence Authority and a Central Intelligence Agency is still in preparation.
- b. A study of the espionage laws of the United States is being made with a view to supporting War and Navy Department recommendations in this connection. The War and Navy Departments and FBI have made recommendations to the Attorney General. However, the Special Assistant to the Attorney General and the Criminal Division of the Department of Justice are in fundamental disagreement regarding proposed revisions and the Department of Justice is presently attempting to formulate its own position.
- c. The project to secure intelligence material and publications for background purposes in the Legislative Liaison Branch has been approved by Colonel Wright.
